

June 9, 2017

The Pastor Nominating Committee has been busy. We have considered over 60 pastors resume's, spoke to 14, and are now in the in-person meeting stage.

Thanks to all of your prayers we are enjoying divine guidance along the journey. We are also guided by the congregational study, your comments, and the PNC comment cards. Our Elders have given us a very useful revised position description.

Be assured that our discussions and care in this process is driven by the best in all of us. Each vibrant conversation is filled with our hope and vision for a strong and growing Christian community. We all share the excitement and energy that our new pastor will bring to WPC.

Your continued thoughts and prayers are needed. Our updates are in the third service of each month. That Sunday we also have our "Listening table" in the courtyard between services.
